

SOLAR GARDEN LIGHT

Intelligent light-control

Electricity keeps coming on in rainy days

Waterproof level

INTELLIGENT LIGHT-CONTROL

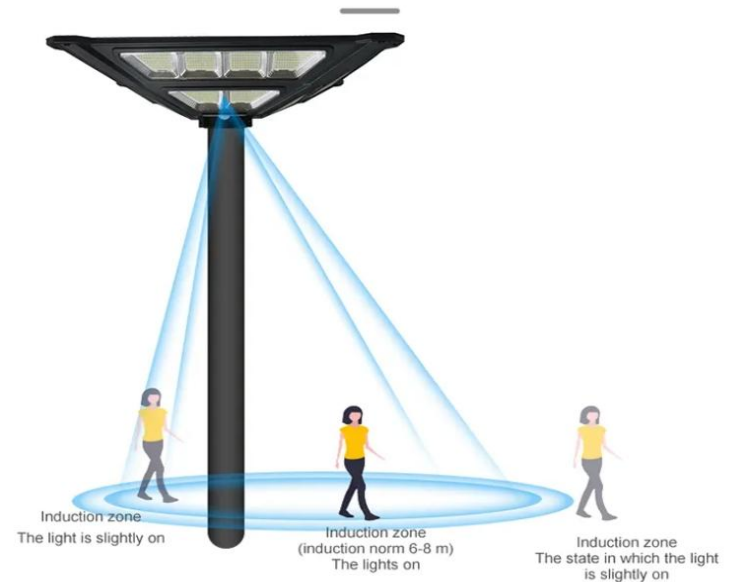

Automatic charging during the day

Automatic light at night

RADAR SENSOR

light control is half bright in the dark, radar sensor is all on, and the light is off at dawn

PRODUCT DETAILS

Thickened anti-fall ABS lamp body

High hardness, strong impact resistance, heat dissipation fast.

High light transmittance lampshade

High light transmittance, high temperature resistance, uniform luminescence, durable

Lamp holder fixing screw

Screw it gently. Screw the nut in Polygonal nuts are stable and firm

HIGH-NODE HEADLAMP BEAD

High display finger, low light decay, stable luminous performance, soft light

48%

ORIGINAL LARGE CAPACITY LITHIUM BATTERY

Original brand new quality battery, standard capacity, long service life, more durable lighting

PRODUCT COMPARISON

Ours

Original lithium battery

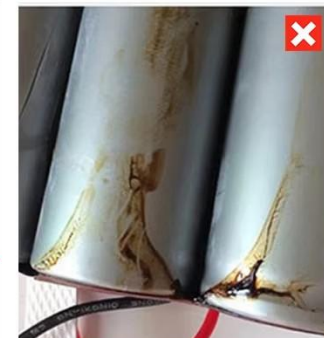

High-node headlamp bead

Anti-hammer, thickened ABS lamp body

Others

Second-hand recycling

Ordinary lamp beads have low brightness and poor quality

Low-priced material, low hardness, easy to break

Date Sheet:

Photo	
Model	R-1000/N
LED Power	1000W
Lumen	3100 Lumen
LED Clips	SMD2835 1848PCS
Solar panel	Poly 6V 35W
Battery	LiFePO4 (lithium iron phosphate battery)
Battery	3.2V 30000Mah
Function	Light control + Remote control
Material	ABS
Charging time	5-6 Hours
Working time	10-12 Hours
Waterproof	IP65 Waterproof
Lamp size	526*526*130MM

IP65 RAIN AND LIGHTNING PROTECTION

Not afraid of the wind and the sun
Meet the needs of outdoor use
